PRESS RELEASE

Chicago's Children's Hospital Project Secured

Zimmer Gunsul Frasca (ZGF) has announced that Lerch Bates Inc. has been awarded the Children's Hospital replacement project in Chicago, Illinois. The new Children's Hospital will be:

- Located in downtown Chicago.
- A new twenty-one (21) story replacement facility.
- 1.2 million square feet.
- At a cost of \$500,000,000.00.

ZGF and the Lerch Bates Materials Management/Materials Handling team worked together to create a Supply Chain/Materials Management Request for Proposal "RFP" for this project. The RFP was issued to three firms in December 2006.

Lerch Bates interviewed with the Owner and ZGF the afternoon of February 8th. At the end of the two hour interview, Lerch Bates was awarded the project. Our services include Operation Programming and design for the new Hospital.
